Do what thou wilt shall be the whole of the Law.

From the CALIPH

ON THE GREAT EDMONTON BUST

"Do great things while they are yet small, hard things while they are yet easy; for all things, how great or hard soever, have a beginning when they are little and easy. So thus the wise man accomplisheth the greatest tasks without undertaking anything important."

TAO TEH KING, Aleister Crowley

On Aug 4 1982 e.v. I debarked AIR CANADA in Edmonton and was issued an orange card with the code 6-4 written across it. At Customs I was asked why I came to Canada & I said a vacation so she said "& what else" & I said "some teaching" whereby she pre-emptorily directed me to IMMIGRATION.

He: Do you believe in Christ?

I: We recognize him as a great historical figure. We do not worship him as a God. We have our own Gods.

He: What would happen if you were called back to active duty as a Major of Ordnance what with your beard haha laughing in his hand?

I: Nothing. I'd just put on my turban and report for duty.

He: You've got a turban?

I: Sure. I'm a Yoga instructor.

...The Sikhs get away with it, why shouldn't we?

He: That's right! The Canadian Sikhs in the Army...

It took some time. In the meantime Eugene, Helene, Maria were impatiently waiting for me in the Waiting Room.

That should have ended it, but I was sent back to Customs & a gathering crowd of Customs & RCMP (Royal Canadian Mounted Police. I didn't see any horses. Just horses...) They look like traffic cops without their nice Red Coats. After all I was being busted on Profile & everyone wanted to be in on the kill. Edmonton had waited for this day for a long time. By some miracle this major dealer had fouled his schedule & was making a fast detour thru Edmonton & they had him. The Royal Canadian Mounties had their Man. Yes sir. But they couldn't keep him. Other flights were landing & International passengers were being hustled thru Customs, but not here. Here they were picking my luggage apart with a fine comb & AHA! what's this? A small brass relic of the Haight with enough residue for a sample (but not enough for clinical proof in Court, which makes the whole thing completely idiotic. What is the point of arresting a person if there is no crime?) & 10 chargers of ISI Laughing Gas (N_2O , made in Austria & commercially packaged) for which I was duly arrested (to my incredulous exclamation, "I didn't know laughing gas was illegal," the dead pan reply was, "They might be explosives.") & he was absolutely right. Laughter is the most explosive thing in this universe. Stupidity was winning the day in Canada & I was left to contemplate H.L. Mencken's comments on Bible Belt mentality while covering the Scope's Monkey Trial. Anyone wishing xerox of that Revenue Canada Customs receipt complete with Maple Leaf

CALIPH'S DEFENSE FUND

PO Box 2303 Berkeley CA 94702. Positive proof that Born Again Christianity thru its Moral Majority legislation has so equated sin with having fun that they have made "encouraging to laugh" a crime in Canada. But we Americans fought a Revolution for "Life, Liberty & the Pursuit of Happiness." There is nothing wrong with having fun and all I was trying to do was take the kids some party favors (they forgot to immound the dime store balloons I had for the gas. I still have them)

But this was not a bust. I was supposed to be carrying thousands of \$\$\$

& great bricks of coke cunningly wrapped. After all the streets of Edmonton had been plastered with posters announcing the arrival of the Caliph of Aleister Crowley's wicked old O.T.O., & he must be carrying... And then like a slow shock wave it began to dawn on them that some terribly embarrassing mistake had been made. One of the nice Customs lady's in blue turned to another and said, "It's all so-&-so's fault." The tipster. But once the machinery had been set in motion it was impossible to stop. As a Government Management Analyst I could have taken their peanut organization apart & put it together upside down & they would have been only slightly confused. So I just sat there with my right hip on the top rail of the old corral...I mean Customs Counter....watching these Lilliputian tight assed anal retentives going thru their primitive behavior patterns. By then the tension had reached the explosion point. But not with me. I was just sitting there being the ultimate Mr. Kool. Oh yez. I was supposed to be freaking out at this point. "Are you nervous Mr. McMurtry?" "No. I just thought maybe the kids outside might be getting a little restless." So they dispatched an RCMP Private to confront them, which he promptly did, going outside & ordering Eugene & Helene to leave the Waiting Room.

Which blew the bomb. They had actually turned to go & were leaving peaceably when Helene in her exasperation accidentally

knocked over a desk box of Customs brochures, surely a misdemeanor at most, but a signal to blood lust. To the RCMP Private she had attacked THE QUEEN'S PROPERTY & for this he attacked her with a ferocity beyond belief, grabbing her in a neck lock,

Helene was so severely injured we had to stop at a hospital on the way home for treatment of injuries on the inside of her throat the guy was choking her so hard and we have medical evidence. This is no joke. Current OAKLAND TRIBUNE, "Black Inmate Died of Neck Injuries," Oct 1 1982 p. 1. The first I heard of this was the RCMP Private coming back into the holding where I was being held behind closed doors with a lady's fingernail slash a mile long down his right forearm & suitable embellishments on his scalp. His cap was pushed back & he was breathing hard but it was not from contemplating the LUST card. He had been mauled by a wildcat because Helene had not obstructed my arrest but had severely defended herself. This seemed to drive them into some kind of a bureaucratic feeding frenzy. An RCMP Sergeant & this primitive Private ordered me, alone, into a metal side room & closed the door. I was reminded of DARKNESS AT NOON. I was told to take off my boots and socks. They had decided I must be the Devil (I don't believe in Christ) and were looking for my cloven hoofs. Then I was told to drop my levi's and briefs and bend over. Well, shucks, folks, I ain't done that since short-arm inspection years ago in Ft. Mason CA US of A standing naked in line in an Army rain coat so porous you had the blessing of being able to stand in the rain and take a shower at the same time...ah,

for the good old days...but since they wanted to find out what kind of a sex is a Hymenaeus Alpha I said, "Oh, just like in the Army," flipped my bunnies.

By then it was beginning to sink in as to how far off their PROFILE really was. You see HIGH TIMES can't be sold on the news-racks in Canada. Might give the kids bad ideas. But of course Customs Officials get to read all the porn on dope & there it is

or just send a random contribution. We are all threatened. We might as well get our legal trip together. Make checks payable to CALIPH'S DEFENSE FUND & mail to

ENCAMPMENT BEELZEBUB

Tu was du willst soll sein das ganze
Gesetz.

Hail and greetings from the hot springs
of Aachen sacred to Granus.

Encampment Beelzebub started with his
work

At the moment we are mainly working on
Astrology and a little on Tarot and I Ching.
We are also trying to translate several
Thelemic textures into suitable German.

Many existing German translations are just
terrible. We could need help from any
German speaking member of the Order!

We contacted several Thelemic groups in
Germany, but until now we only have gotten
one friendly reply from the Ordo
Saturni who seems to be willing for
Cooperation with us.

Liebe ist das Gesetz, Liebe unter Willen
Fr. Hyperion O & Fr. Tabris O

Well, you know what I look like. Big straw hat, combat boots, faded levi's, Mountain Man's short coat, a string of religious medals swung from my neck...obviously the prototype of the Peruvian coke dealer they see in every issue of HIGH TIMES...sometimes on horseback & packing a repeater rifle & 2 pistollas. It was the bust of the dedade. They knew because they had inside information, hence the code 6-4 on my Orange card. But they forgot something. My long hair & beard is also the Profile of any Oriental swami-guru passing thru on his Ministry. Or their precious Jesus Christ for that matter. This is religious persecution. Especially since they had xeroxed by my file copy of THE TEMPLAR DOGMA from the 32nd DEGREE MASONIC READINGS in Immigration before I was sent back to Customs. My only crime is that I am White, speak English & was born in America. You see the nice straightville English speaking Born Againers of Western Canada have gotten together & very democratically elected God & his name is Christ & if you disagree you are bad = sin = pass a law, God's Law is Our law = you go to jail if you do not believe Christ is God in Canada. But in America we have freedom of religion & as Thelmites we have a Prophet, a Sacred Text & we pay our taxes. We don't have to worship Christ. We have our own Gods. But they had arrested me so what to do?

I was put in a glass booth while the Professional staff went thru whatever cerebral gymnastics they had to go thru to convince themselves that the only evidence they had were 10 rounds of laughing gas... which I thoughtfully left with them for whatever nefarious uses their kinky little minds can come up with...and not enough clinical evidence to stand a court case so obviously it would be thrown out (as it was: Regina vs. Grady McMurttry...maxim de minimis non curat lex...the law ought not to concern itself with trifles...xerox of this letter avail for suitable donation to the Caliph's Defense Fund...which see) So they had to let me go. But the consequences are momentous. Here in miniature we have seen demonstrated the ultimate stupidity of Christianity, that fun is sin & the pursuit of Happiness is to be Prohibited. Why not, they've Prohibited everything but alcohol, & those of you

who drink might remember that you are next just like in the '20's-30's. Secondly we have seen the ferocity with which Born Again Jesus Freak Christianity enforces it's morality thru it's Gendarmie...Canada is a police state so far as Civil Liberties are concerned...the RCMP are federal like the FBI & can walk into your house on suspicion & bust you for anything they think is illegal...& we are physically in danger from their mindless attacks. You would think that having burned Jacques de Molay at the stake once they would lay off the Templars, but no, Helene Schuld will stand trial Nov 3 1982e.v before a judge, an ex-RCMP officer, who is out to get her on the charge of having resisted my arrest which is impossible because I was behind closed doors in another room. But he has demonstrated his intent by refusing to dismiss the charges against Eugene & Helene because he can't get to me so he will try to take it out on them. Which is an outrage. I call on every Thelmite to witness. This is Unholy. The Word of Sin is Restriction. Man has a right to live as he will. To dress as he will. And these rights are being legislated out of existence by the "do-gooder" Born Againers whose endless moral plague of nosiness... thinking they have a right to interfere in their neighbors business...makes them think

they can legislate your morality. But morality is a matter of religion, not politics, & it is time we straightened them out on this. The very fact that beautiful children like Eugene & Helene are being seriously threatened with jail in a Canadian winter...the reason the Aurora Borealis is so vivid is you are standing on 10 feet of snow to see it... for no other reason than they refuse to mount a Platic Jesus on the dashboard of their car proves that. This requires action, but lawyers cost money. So far Nephys Chapter has come up with \$800 & Grand Lodge has made up the current difference of \$1200. Both Nephys Chapter & Grand Lodge must be reimbursed and a permanent fund established for the defense of all of us, & for this I have created the

I myself will become Atum tonight, I am Atum, who appeared alone on the Primal Hill, rising from the Waters of Chaos. When I appeared, heaven had not come into being; neither had the earth, nor the creatures of earth. I lifted myself up from the water and made a foundation upon which to stand. Then I made every form to come from my mouth. First I made Shu and Tefnut by spewing them from my mouth. They became Gods with me.

My eye followed after them as I observed them through the long periods of time. Finally they returned and restored my eye. I shed tears and men were made from the tears. After my eye returned it was angry with me because I had made another one in it's place.

I arose from the plants and created reptiles and all creeping things. Shu and Tefnut gave birth to Geb and Nut. Geb and Nut brought forth Osiris, Horus, Seth, Isis, and Nephthys. From them came forth many children to multiply the earth. These Gods were sent forth to destroy Apophis, my archenemy who is no more. I put a curse upon him and all his children, the enemy of RA is consumed. RA shall drive across the heavens in peace. Life! Prosperity! Health!

Sir Janice Harris
II° Ordo Templi Orientis
Knight of Baphomet

Do what thou wilt shall be
the whole of the Law.

"Unto them from whose eyes the veil of life hath fallen may there be granted the accomplishment of their true Wills..."

All of us here at Heru-Ra-Ha Lodge were shocked and saddened by the untimely death of our beloved Sister Janice Harris, last Tuesday, October 12th, 1982 e.v.

Those of us who were fortunate enough to know this beautiful young woman feel a deep personal loss. Like an angel in our midst, she inspired everyone with her quiet serenity and poise. An untiring worker who constantly arrived early to add her energy to Lodge activities, she endeared herself to everyone whom she met.

Even with her job as technician in a medical device laboratory, she found time to communicate with Order members all over the world. Her devotion to the Caliph resulted in her being Knighted last year. (she chose the name "Sir Janice").

I have never heard anyone say an unkind word about Janice. We all miss her very much

Our deepest sympathy goes to her husband and family

Memorial High Masses were celebrated at Grand Lodge and at Heru-Ra-Ha Lodge on Sunday, October 17th.

"Term of all that liveth, whose name is inscrutable, be favorable unto us in thine hour."

Grand Lodge Report

P.O. Box 2303
Berkeley, CA 94702
U.S.A.

We begin our report with sadness at the untimely passing of our dear Sister, Janice. The Order is larger now than it has ever been before. With the happiness of so many new brothers and sisters in our family, we must also accept the great sorrow that attends losing those we love in greater measure. For a Thelemite, death is not affliction, but cause for rejoicing. This life is a place of struggle and growth. The joys of the world are less than the ecstasies of the embrace of our Infinite Mother. In this World there is duty and constant seeking after the highest that is in us. We who remain behind mourn those who go on, their labor in this place finished and their struggles at an end. That grief is very selfish, but natural. When one among us is a blessing to our lives, we weep in fear and bitterness at our loss. Let the grief turn to rejoicing that we were so blessed to have shared this life with Janice. Remember her for the beauty and the happiness she gave to us. Labor all the more to build a better and a greater temple in which others may aspire to her gentleness.

The Rites.

As I report to you, the preparations continue to present the remaining Rites of Eleusis, with Venus coming tomorrow and Mercury and Luna not far off. These rituals have been very well received as they were in previous times. Without the guidance and industry of Sister Chandria, Grand Lodge would never have been able to enjoy them.

In like manner, the support of all the local Grand Lodge participants in the rituals has been very gratifying. I would like especially to thank Brother Joe Cain for replacing me in the Rite of Mercury. Sometimes there just isn't as much time available as we would like. I was willing to do the job, but the results would have been unpracticed and beneath the standard of the other Rites. It's nice to have people ready to help where help is needed.

Thelema Lodge Publications.

So far we are doing well in meeting the 4 to 8 weeks deadline in mailing out publication and tape orders to Grand Lodge. This applied only to orders received after the announcement of the improved service, and there are still a few (about eight) orders from before that time which are as yet unfilled. By the time you receive this Magickal Link, I hope to have filled all the back orders except for a couple of PTL, Special Master Tape orders. Those will be made up before the next issue of the Link'. The Newsletters are going well, with no number 6's available yet, but plans in the works to reprint. Newsletter #3 is getting low, and may be withdrawn from advertisement by the end of the year. #12 is being readied for first publication, but volunteers are still in short supply on the project--printing will probably start in early or mid December.

Liber 777 is up for re-printing, and only orders for single items can be processed on it at this time. 666 more 777 should become available in late November. Liber AL continues in good supply at the 15¢ price.

Stellar visions titles are not ready for advertisement yet, but we hope to fill all back orders by mid November--before re-announcing the titles. Present resources make a fall-back to a simpler cover necessary on these SV publications, but all will be available again soon at a slightly reduced price.

Invoices?

The single change in methods that has resulted in breaking up the backlog of Thelema Lodge sales has been the introduction of a computer-printed and handled invoicing system. A ZX81 with 64K memory and a small thermal dot matrix printer have taken the confusion out of the job. Other advances in Grand Lodge financial data handling have been made with this machine and continue to be made. The total cost of the present system is about \$500, and the programs used are available without charge to any of our members who have such a system. If you have a ZX81 with either 64K or 48K expansion module, and want listings of the programs used, just write to the Grand Treasurer General. A photocopy fee of about 50¢ each would be appreciated:

#1. Sales: monitors up to 100 orders for up to 200 different items with an average of 20 to 30 items per order possible. Menu-driven and ready for a CAI/O board and P40 printer (optional).

#2. Monthly Journal--cash book entries for up to about 200 items with cross reference to 200 general ledger accounts and 64K handshake to #3 program.

#3. General Ledger: Receives, organizes and reports on up to 200 general ledger accounts by month, individual account and fiscal year.

Naturally, these programs are designed both for the ZX81 and for the particular operations of Grand Lodge. Some adaptive work would be necessary to adjust them to a particular system of operations. The Basic Language used by the ZX81 is less sophisticated than Basic in other mini and micro computers, but it is also much more flexible than most. Some adaptation would be necessary.

Other programs are in the works. If there is any interest, a computer guild might be a workable idea. Let's not forget that these things are the nearest approach mundane science and technology has yet made to our more familiar Magickal beasties.

Mixed-up Orders.

Although it is not serious yet, some of the orders for Tahuti Book Service, Thelema Lodge and Boleskine Camp are getting to the wrong people. Please note the address with offerings of publications and similar things in the notices in the Link'. These are all projects by individual groups within O.T.O., and there is no common address which offers all these articles. Just use the address given with each notice for the items offered in the individual notices, and you won't go wrong. If there is a problem of no response, despite repeated attempt, please contact me, the Grand Treasurer General at Grand Lodge-- in this sense I'm the heat. Naturally, I'm also still pretty slow in responding to the mail, but I might be able to speed things along where necessary.

European Camps & Chapters.

We are still getting straightened out on the new representative bodies in Germany, Yugoslavia and elsewhere. Part of the problem is lack of space on the Contact page. A change in format may be necessary, but we will have all active bodies listed by the December issue--I hope.

Lodges, Camps and Chapters!
Where are your reports!?

I don't like to be pushy, but we need the space on the contact page for active bodies. A small but growing number of Camps and Chapters are very noticeable by their absence from the pages of the Link'. This time last Season I could hardly cram in a word edgewise. This is your space. The Brothers and Sisters need to know what you offer, how best to contact you and if you are going to close for the Winter (or open up for the Summer south of the Equator). After this issue, we will begin dropping listings of Camps and Chapters who have not supplied a news report on themselves to the Link. If your group hasn't reported a short column item in the last three issues, your listing may be among the first to go. Just a couple of sentences will keep you

in the front of Thelmic awareness. If your Camp is part of a Lodge or Chapter, naturally you can report through the parent body. Better make sure that Daddy or Mommy is standing up to be counted tho'.

Actually, only 4 Camps and one Chapter are not current in one form or another in their books here at Grand Lodge, but if O.T.O. Bodies don't want to be known, understood and loved by the members at large, there's little reason to continue listing them. The Link is your place to be heard. If nobody hears from you, we can only assume you're on Magickal retirement and don't want to be disturbed. We will co-operate by making room on the Active list published in the Link. ---Mabel, was that a threat? I don't know, Algernon; I'm busy writing a piece about 3½ inches wide.....

The Caliph is Vindicated!

Our worthy Caliph was given a clean bill of health by the Canadian Court system. Eugene and Helena still are awaiting their court dates (see the Caliph's item in the front of this Link). The Honourable Judge A. Schamchuk ruled that "Maxim de minimis non curat lex" applied in Grady's arrest case. This translates: "The Law ought not to concern itself with trifles." I couldn't agree more. It remains to be made clear to me, however, how \$500 in legal fees can be so simply ignored as a trifle. The Caliph is decidedly pushed out of shape by this matter, and his words up front in this issue may possibly reflect that — even so, they were trimmed a bit to avoid further complications in the cases pending.

O.T.O. can't press for political change, but there's nothing to keep the Order from expressing displeasure at a \$500.00 trifle! Thelema can be a political force. The Order has more immediate duties toward its members, but as individuals we can be as politically active as we see fit. Any interest in political study groups within the Order? As long as we don't sponsor activity pro or con particular measures or candidates, we

can act as a group within the Order without risking our tax-exemptions.

Use of the Name of the Order.

Just filling up space at this point, but I thought I would mention a minor problem that has come up. From time to time someone uses O.T.O. letter-head improperly. Strictly speaking, the official letterhead of the Order is only to be used for official purposes. This can be simple communications between bodies and between officers and members and the general public. It has come to our attention that one individual in Utah and another down-under is using either official letter-head or made-up letterhead with the name of the Order to make strange threats and the like regarding persons or business they don't like. This is not kosher. One of our Brothers in New England once sent out what could be called an enflamatory statement of his sentiments-- but he used his own letter-head. It's really a case of not involving other people without their consent. If you have something hot to say to some one, you have the duty to stand up when you say it. It's not the purpose of O.T.O. to be used to further any private interests. We stand for our Brothers and Sisters in the hour of need and to the extent possible to what we have. If we are to maintain due process and an identity, we need to know what we are supporting. It is never a good idea to volunteer somebody else without letting them know about it. What is said under the name of the Order is said by the Order or against the Order. You have an absolute right to say what you will. The Order might like to say the same things too, but not with somebody else's foot in our collective mouths. — Doesn't he get annoying when he has too much space? Get your column in quick.....
